Detailed information on all the trips is located on the web site. Note prices on the web site may not include transportation from Anchorage. You may also call for more information.

**Travel plans:** The trip is priced from Anchorage\* Sunday to Saturday.. Book your flight to arrive in Anchorage by Saturday night. You will get a list of nearby hotel/motels. Sunday morning about 10 am, you will fly direct to Koliganek (approximately 1 ½ hours or 250 miles) on one of our arranged charters. When new clients fly in, departing clients will fly out. The official dedicated pick up & drop off point is in Koliganek. This saves all of us time, money and hassles. We will meet you in Koliganek and take you to the lodge or to camp by boat or plane as appropriate. We will return you to Koliganek for the trip back home, arriving in Anchorage about 3+- pm. You should schedule an evening flight out of Anchorage to home. You do not need to stay in Anchorage overnight on your return. \*If you book your own flight to Dillingham then on to Koliganek by yourself, you may deduct \$600 off the price. Make your plans to arrive and depart Koliganek at noon.

**This is remote! There is no combat fishing here. The whole river is yours!**

Wayne with one of many rainbows caught on his favorite fly.

**24 hours of daylight with great fishing close to camp means you can fish anytime, all you want, and still have time for an afternoon relaxing snooze! We can freeze or smoke some of your catch to take home. The wildlife viewing is free! Camp rule: The first liar has no chance!**

This is a fair king salmon but they get much bigger!

**The Nushagak River has the worlds largest king salmon runs.**  
**We offer discounts for groups larger than 4 and family discounts. Check for internet specials.**

**5 species of salmon + rainbow trout, grayling, dolly varden, pike & char!**  
**Please practice shouting “FISH ON”**

**Accommodations:** The lodge is located in the village. It is fully equipped and supplied with all you'll need including phone, fax and satellite T.V with 2 beds / room.

**K1 Camp** is our fully equipped main river base camp. If we don't have it, you probably don't need it. Steel frame tents (12x12x7 ½ feet) that are waterproof, windproof, with wood frame floors, rollo-cots, thick pads, bedding, wood stove and electrical lights. Camp has a large separate cook

tent equipped with a wood stove, propane cooking stove and oven, microwave, cooler and freezer. Camp has a generator, an enclosed heated shower, enclosed privies, lighted commons area, lighted trail to the river, extra gear tents and a fire pit to gather round for cocktails and the nightly lie swapping.

**Rafting Spike camps:** We use portable frame tents, 10x15 feet, with cots, pads, propane cook stove, cookware, food etc...Easy, quick set up. K1 can accommodate 8-10 anglers (4/week average).

**Gear List:** We will send you a list of appropriate fishing gear. Basically, all you need to bring is your clothes, waders, camp/lodge shoes, rain suit and fishing gear and we can rent you the rods for easier traveling. Plus your personal medications, alcohol, camera/s, film, towel and wash cloth for camps. Screw the airlines and their extra baggage fees, security checks, thievery and lost/delayed luggage and mail all your gear ahead to Koliganek and have it waiting in camp or the lodge. We can also rent you a full set up if desired.

Why fish with APGS? Great price. Excellent fishing. There are no lodges or camps anywhere near the K1 camp. We have operated K1 since 1994. K1 has everything you need. The lodges and camps down river around Portage and Ekwook are crowded and expensive. Guide average 15 years experience here, food is plentiful and excellent..

Bruce Tyson on the K2 creek with a nice Arctic Char. The K2 creek is smaller and has mostly grayling, dolly varden and char with some rainbows.
